Le Bonheur opens new \$10M outpatient center

Feb 7, 2018, 7:49am CST

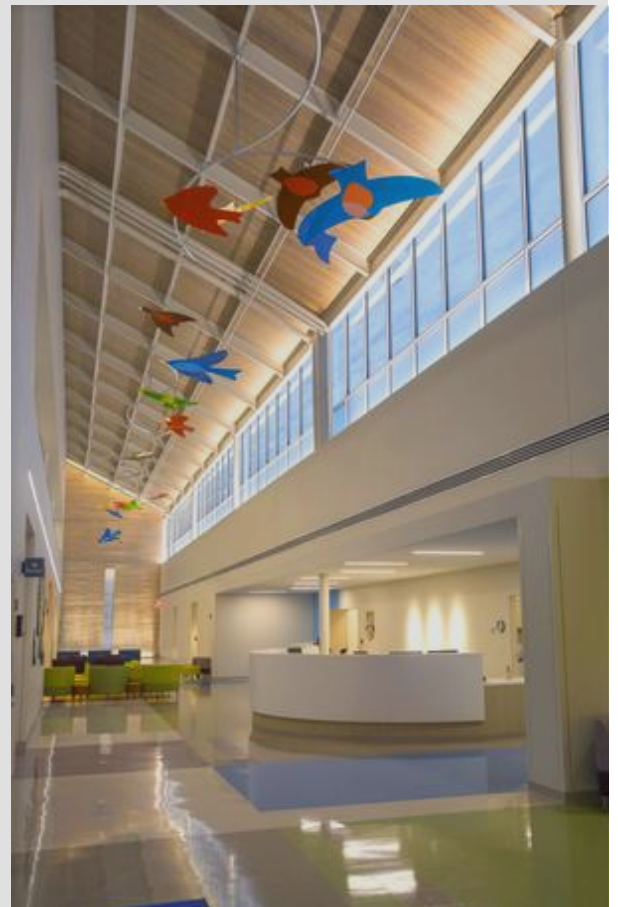

Le Bonheur Children's Hospital's new \$9.5 million outpatient center in Jackson is now open.

The 30,000-square-foot, 20-exam-room facility is located in the northwest part of the city, at 1535 Vann Drive. The center provides diagnostic services such as X-rays, ultrasounds, EKGs and pulmonary function testing. Subspecialty clinics will include cardiology, endocrinology, gastroenterology, general surgery, genetics, nephrology, neurology, pulmonology and urology.

"This is an expansion of our services we have been providing in Jackson and shows our dedication to our families in West Tennessee," said hospital spokesman David Henson.

Project architects were Memphis-based Br3gs Architects, Bottletree Design Group and Allen & Hoshall Inc. Milan, Tennessee-based Fisher Construction was the general contractor.

Le Bonheur Children's Hospital is ranked No. 3 on *MBJ's* hospital list with 2,700 local full-time employees, excluding medical staff. The 255-bed hospital in Memphis
